MISSOURI BOOK AWARD HELD TO BE INADEQUATE.

World's Fair to-morrow night from 7 to 9 o'clock.

The band is one of the most noted music organizations in the East. It was named after J. M. Reeves, who was one of the members of the famous Gilmore Band, and for a short time the director of the band upon the death of Gilmore. Mr. Reeves died two years ago, and his pupil, Vowen R. Church, who is one of the well-known cornetists of the country, is now the director. It is said that a large part of Gilmore's music library, which was inherited by Mr. Reeves, has passed to Mr. Church, and is now in possession of Reeves's Band. The band will give only one concert in St. Louis, and will return to New York Saurday.

Sapper Party on Ferris Wheel. Superior Jury to Take Up Matter of Reduction of Prize Recommended and to Adjust It.

Among the many protests against awards to be heard and settled by the Superior pupil, Jury, which adjourns to-morrow, is that

of the Missouri Commission against the award of a gold medal for its publication, The publication is the 600-page volum on the State and its resources, compiled

and edited by Walter Williams, superinent of publication for the Missouri on. The book was published and ed by the State Commission.

It is claimed by the commission that a committee, appointed at the time the juries met to investigate special forms of ducation and to look up certain works deserving of prizes, but which had not formally entered for award, recommended that the book be awarded a graind prize, and its editor, Walter Williams, a silver medal. Boerlin, Ben Stoltman. The Misses Car-rie Ritter, Addie Ritter, Grace Reighard, Gussie Meyer; Mesdames Maynard and Nichol: Messieurs Frank Koch, John Byrnes, Rudolph Baumber, R. W. Gart-sire, Jr., E. J. Stokes.

When the special committee of the De-partment Jury appointed to review the swards, passed upon this recommendation, the commission claims, its chairman, How-ard J. Rogers, Chief of the Denartment of Education, reduced the awards to a gold medal for the book and a silver medal for its editor.

When the commission learned of this it decided to protest the matter, and Sec-

its editor.

When the commission learned of this it decided to protest the matter, and Secretary Bonfoey was instructed to write a letter of protest to the Superior Jury and also to Waiter B. Stevens, Secretary of the Exposition. Both protests have been received and acknowledged and Mr. Stevens stated yesterday that the Superior Jury would probably adjust the matter.

Fisch of Rare Breeding to Be Shown at the Fair To-Day.

The only flock of Tunis sheep at the World's Fair will be exhibited to-day in barn No. 16 on the live-stock grounds. The Tunis type of sheep is a rare breed and the flock which is being exhibited is descended directly from two animals that were brought to this country from Africa in 1759 by General William Eaton, who was at that time United States Consul to Tunis. He purchased them from the Bay.

and Governor Chamberlain.

President Francis declared that the next most important thing to America after its discovery by Columbus. October 12, 1422 was the Connecticut Constitution, which formed the basis for that adopted by the thirteen original colonies, out of which has grown the great United States. Hetering to the third generation of the Charter Oak tree, planted on the lawn of the Connecticut building, President Francis declared that the Charter Oak principles were those on which the Exposition were founded and maintained. Three cheers, followed by a "tiger," were given for President Francis.

Frank L. Wilcox, president of the State Commission, said that if Boone, Joilet, Laclede and others could return to-day and view the enormous development of the territory of which they were the ploneer explorers "their eyes would be disbelleving." Tunis. He purchased them from the Bey of Tunis, but only one ram and one cwe survived the voyage to this country. This pair, Caramelli and Selini were placed under the care of Judge Richard Peters, a noted sheep breeder, near Philadelphia, and a flock of Tunis sheep was raised.

These were all sent south to North and South Carolina, Virginia and Georgia, where they were successfully bred until the beginning of the Civil War. The breed was then entirely lost until a small flock was discovered in the swamps of South Carolina in 1890 by Maynard R. Springer of Columbia. The half-dozen were caught and the breed was again started.

The flock which is being exhibited at the World's Pair are the progeny of this remain of the flock of Tunis sheep that was lost sight of for fifty years.

sty lews of the lions that are kept on view in that part of the show. Trixle is the livilest and most audacious ape in the entire show. He gave a dozen trainers two hours of hard climbing and hairbreadth leaps, to save the foolish monk from being devoured.

Nearly 2.00 visitors watched the chase with conflicting mirth and apprehension. Several times the ape escaped the teeth of the lions by the fraction of a second. Swinging himself down the papler-mache rocks with worderful celerity, he would find himself almost in the midst of the excited beasts. The eight lions, six bears, two hyenes and four boar hounds would mix in a wild scramble to reach the monkey, and the dare-devil ape would lift himself in one bound to a safe place.

After keeping trainers, beasts and the audience in an uproar for nearly half an hour. Trixle seemed to the of the dangerous sport, and, running down the rocks, quietly permitted himself to be taken in the section of the panorama devoted to the domestic animals.

man Womans' Club of Buffalo, N. Y., after doctoring for two years, was finally cured of her kidney trouble by the use of Lydia E. Pinkham's Vegetable Compound.

of all the diseases known with which the female organism is afflicted,

kidney disease is the most fatal. In fact, unless prompt and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Mrs. Pinkham, early in her career, gave careful study to the subject, and in producing her great remedy for woman's ills—Lydia E. Pinkham's Vegetable Compound—made sure that it contained the correct combination of herbs which was certain to control that dreaded disease, woman's kidney troubles. The Vegetable Compound acts in harmony with the laws that govern the entire female system, and while there are many so called remedies for kidney troubles. Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women.

Read What Mrs. Weisslitz Says.

"DEAR MRS. PINKHAM:—For two years my life was simply a burden, I suffered so with female troubles, and pains across my back and loins. The doctor told me that I had kidney troubles and prescribed for me. For three months I took his medicines, but grew steadily worse. My husband then advised me to try Lydia E. Pinkham's Vegetable Compound, and brought home a bottle. It is the greatest blessing ever brought to our home. Within three months I was a changed woman. My pain had disappeared, my complexion became clear, my eyes bright, and my entire system in good shape."—Mrs. Paula Weisslitz, 176 Seneca St., Buffalo, N. Y.

Proof that Kidney Trouble can be Cured by Lydia E. Pinkham's Vegetable Compound. "Dear Mrs. Pineham:—I feel very thankful to you for the good your medicine has done me. I had doctored for years and was steadily growing worse. I had trouble with my kidneys, and two doctors told me I had Bright's disease; also had falling of the womb, and could not walk a block at a time. My back and head ached all the time, and I was so nervous I could not sleep; had hysteria and fainting spells, was tired all the time, had such a pain in my left side that I could hardly stand

at times without putting my foot on something.

"I doctored with several good doctors, but they did not help me any.
I took, in all, twelve bottles of Lydia E. Pinkham's Vegetable Compound, five boxes of Liver Pills, and used three packages of Sanative Wash, and feel like a new woman, can eat and sleep well, do all my own work, and can walk two miles without feeling over tired. The doctors tell me that my kidneys are all right now. I am so happy to be well, and I feel that I owe it all to your medicine."-MRS. OPAL STRONG,
